**90 cities. 52 countries. 30 days.**

Agilent's groundbreaking new systems are having a major impact on the world of LC and LC/MS. And here's your chance to see them firsthand. Join leading experts and thought leaders at the Agilent World Tour 2006 for a day of seminars, demonstrations, and breakout sessions on groundbreaking new Agilent LC and LC/MS systems and their rapidly expanding capabilities.

Talk with product managers and Agilent R & D engineers about your applications and requirements for LC & LC/MS hardware and software. Hear how customers utilize these Solutions to find answers to their technical problems and get maximum productivity with the newest technologies.

Presentations will focus on the NEW 1200 Series LC systems, 6000 Series LC/MS Systems including the 6400 Triple Quadrupole and 6500 Series Quadrupole Time-of-Flight LC/MS. The latest HPLCChip technologies and the innovative Multimode Source will also be reviewed.

**Register early! Seating is very limited for this venue.**
